WHO DO I TARGET?

- Welding Schools
- Automotive Parts Manufacturers
- Aerospace
- Facility Maintenance
- Hospital Maintenance Shops
- Food Manufacturing Maintenance Shops
- General Industry
- Anyone that performs Welding and Metal Cutting

HOW DO I IDENTIFY A TARGET

- Ask questions!
- What type of welding - manual or robotic? What else do they do? Plasma cutting? Laser Cutting?
- When you walk into a plant – LOOK UP – Is there a haze in the air?
- If they are exhausting the smoke, do they have a hard time opening the doors in the winter time? What are their natural gas bill's like?
- How much weld wire to they use per year?
- What is their employee turnover like? Workers like to work in a clean environment.
- What type of metal are they welding? If stainless, they need to do something.
- Pick your key question and try it!
